

**THIS LIST IS SUBJECT TO CHANGE**

This is a list of beers that are expected to tap for the Stone 13th Anniversary Celebration & Invitational Beer Festival. There may be beers that didn't show up, beers that were changed or even beers that were added. We can't guarantee the time that they are being served either. If you get really upset, just take a deep breath and remind yourself, "It's for charity and there must be another beer I want out of the other 147."
